**Dear friends!**

Some days ago we got the money from your folkschool (571,00 €) you had collected and sent for the children who live in our orphanage "Small school" at Vareš.

Sometimes it's very difficult to express in words what we feel in front of the gesture like this one but you can be sure that there is always a lot of deep gratitude and positive emotions. It's so good to know that there, even so far, is someone who thinks of us and our needs. We are aware that there are a lot of needs in all over the world, but we are very happy you have been chosen to help us and our project.

Each time when we get some help we feel that we are not alone and it reminds us that we called to be more responsible for our children. Thanks to you and your help, our children have the possibility to continue their school, take part of the activities with their school friends and to live the life as good as many other children here in the town. Thanks again.

Greetings from all the children and sisters here at "Small School" Vareš.
